INVITATION

On behalf of the Organising Committee and Estonian Gynaecologists' Society we are deeply honoured to invite you to the 22nd European Congress of Obstetrics and Gynaecology, which will be held on 9 -12 May 2012 in Tallinn, Estonia.

The heart of the Congress is of course the scientific programme, designed in the spirit of previous EBCOG Congresses but with even more opportunities for hands-on training and courses. Right now, the Scientific Committee is working diligently to compile an exciting scientific programme including sessions arranged by European subspecialist and specialist societies.

The social programme will offer a unique chance for us to meet each other and will include numerous opportunities to explore and enjoy the Mediaeval city and music during its long white spring evenings.

We warmly welcome our young colleagues from ENTOG to our training centres in order to exchange experience and further develop networking.

It will be the first time that the European Congress will have taken place in Estonia, and it is a great honour and challenge for us to host the Congress.

Dear colleagues, we look forward to welcoming you to Tallinn!

Prof. Peter Hornnes
President of EBCOG

Prof. Helle Karro
Chair of Local Organising Committee

DATES TO REMEMBER

Call for abstracts
August 2011

Deadline for abstract submission
January 2012

Notification of abstract acceptance
February 2012

Deadline for early bird registration
February 2012

ORGANISATION

Congress Management Committee

Prof. Peter Hornnes, Chair
Prof. Helle Karro
Prof. Chiara Benedetto
Prof. Alan Cameron
Prof. Wolfgang Holzgreve
Dr. Karen Rose
Dr. Johan Van Wiemeersch

EBCOG Scientific Committee

Prof. Klaus Vetter, Chair
Prof. Chiara Benedetto
Prof. Michael Halaška
Prof. Helle Karro
Dr. Mikulas Redecha
Prof. Alexandros Rodolakis
Prof. Basil Tarlatzis
Prof. Gerard Visser

Suggested topics for the Scientific programme

Courses

Theoretical

Training-the-trainers
Patient safety
How to write and publish

Hands-on

Laparoscopy, colposcopy,
hysteroscopy
Pelvic floor operations

Obstetrical skills

Obstetric emergencies simulation courses
Anal sphincter repair
Electronic fetal monitoring CTG

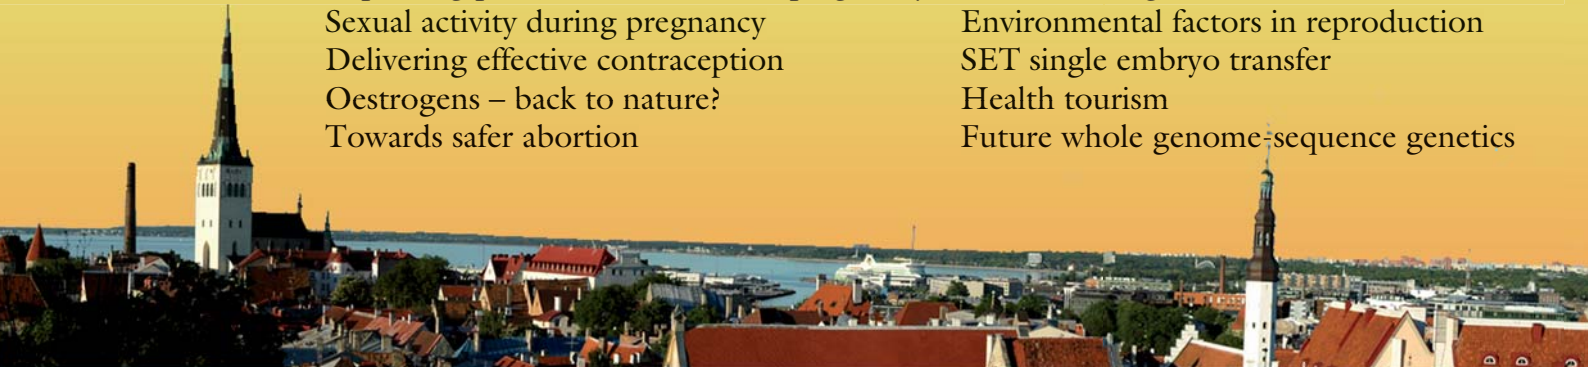

Prenatal skills

Ultrasound
Invasive measures
Preconception health care

Keynote lectures

Timing of cord clamping
Exploding problem of diabetes in pregnancy
Sexual activity during pregnancy
Delivering effective contraception
Oestrogens – back to nature?
Towards safer abortion

Future of pelvic floor surgery
Vaccination against cancer
Environmental factors in reproduction
SET single embryo transfer
Health tourism
Future whole genome-sequence genetics

Seminars (parallel)

Preterm birth, prediction, prevention, therapy

Obesity and diabetes in pregnancy

Screening for preeclampsia

Place of birth

Fetal monitoring

Perinatal limits of viability

III° sphincter tear prevention, therapy and outcome

Cervical pathology detection, therapy and consequences

STD prevention, detection, treatment

Endoscopic surgery and robotics in gynaecology

Endometriosis

Osteoporosis

Late abortion

Genital prolapse

Fertility treatment: improving outcome

Fertility preservation in cancer patients

Developmental origin of health and disease

Commercial exhibition

The Congress will welcome and accommodate commercial exhibitors. For more information please contact: EBCOG2012@ics.dk

Notice of interest
